THE GOVERNMENT OF PUERTO RICO

June 30, 2021

Joint Resolution

The amount of \$10,112,390,000 is appropriated from the General Fund of the State Treasury for the expenses of the Government of Puerto Rico set forth in Section 1 herein for the fiscal year ending June 30, 2022.

The following is a summary of the expenditures authorized in this budget organized according to the agency consolidations set forth in the fiscal plan certified by the Financial Oversight and Management Board for Puerto Rico on April 23, 2021 (the “2021 Fiscal Plan”). To the extent any inconsistency exists between the Joint Resolution and any other Puerto Rico law including any standing appropriations, the Joint Resolution shall govern pursuant to PROMESA:

Section 2.- The Department of the Treasury (“Treasury”) will remit to: the Legislative Branch and its components, the Judicial Branch, the University of Puerto Rico (“UPR”), and the non-profit entities that receive funds from the General Fund, monthly and in advance, the budgetary allotments corresponding to one-twelfth (1/12) of the budget allocation provided herein for such entities. The one-twelfth monthly allocation to each entity (except with respect to the Judicial Branch) shall be subject to the 2.5% withholding set forth in Section 3 below during the first three quarters of FY2022.

Section 3.- The Director of the Office of Management and Budget (“OMB”) may authorize the encumbrance and disbursement of up to 97.5% of each appropriation intended for encumbrance and disbursement during the first three quarters of FY2022. The Director of the OMB shall withhold the remaining two and a half percent (2.5%) of each appropriation until after the end of the third quarter of FY2022. Such withheld percentage of each appropriation shall only be encumbered and disbursed during the fourth quarter of FY2022 if (1) the first eight months of actual General Fund revenues reported to the Oversight Board reach the revenue forecast in the 2021 Fiscal Plan for that period and (2) the encumbrance and disbursement is approved by the Oversight Board. If actual General Fund revenues for the first eight months of FY2022 fail to reach the revenue forecast for that period, the amount of the withheld percentage of each appropriation that may be encumbered and disbursed shall be reduced proportionally according to the negative budget variance between projected and actual General Fund revenues. Notwithstanding the foregoing, PayGo appropriations, Consent Decree amounts, Highway and Transportation Authority (“HTA”) appropriations, economic incentive funds and distributions, cigarette and rum distributions, allocations of Sales and Use Tax (“SUT”) to the Municipal Administration Fund (“FAM”, by its Spanish acronym),” and agencies in the Department of Public Safety and in the Health groupings, as defined in the 2021 Fiscal Plan, shall not be subject to the 2.5% withholding requirement.

Section 4.- Notwithstanding any provision in this Resolution to the contrary, each of the appropriations listed in the FY2022 General Fund Budget under the following sources of revenue is entirely dependent on the level of revenues collected therefrom: (1) Allocation of SUT to FAM (excluding Debt Portion); (2) Outflow of the Special Fund for Economic Development (“FEDE”, by its Spanish acronym) portion of Corporate Income Taxes and Non-Resident Withholding; and (3) cigarette and rum distributions. As such, the disbursements of those appropriations will be gradual and subject to the actual collections thereunder. No expenditure, disbursement, pledge, or any other encumbrance of any such funds may be made until such time as the revenues are actually collected and accounted for in the books.

Section 5.- No later than 45 days after the closing of each quarter of FY2022, the Secretary of the Treasury shall revise the projected net revenues of the General Fund for FY2022 (the “Quarterly Revision”) and shall notify the revision to the Director of the OMB, the Governor, and the Oversight Board with a copy to the Legislative Assembly. The Quarterly Revision shall project future revenues based on actual General Fund revenues and include revisions to the assumptions used to generate the General Fund’s net revenue projections.

Section 6.- All appropriations authorized in any prior fiscal year, including appropriations without a specific fiscal year, are eliminated and no disbursement of public funds may be covered

by such appropriations, except the following which the 2021 Fiscal Plan redeploys as current appropriations, subject to Oversight Board adjustment at any time: (1) appropriations authorized in the fiscal year to carry out permanent improvements that have been encumbered, accounted for, and kept on the books but not exceeding two fiscal years on the books; (2) appropriations in the certified budget for equipment with procurement cycles that extend beyond the end of the fiscal year, which are encumbered on or before June 30, 2022; (3) the portion of the appropriations authorized for the fiscal year that have been encumbered on or before June 30 of such fiscal year, which shall be kept in the books for 60 days after the termination of that fiscal year and after those 60 days no amount shall be drawn against such portion for any reason; (4) the appropriation in the amount \$130 million for the emergency reserve included in the FY2021 certified budget and required by Section 5.2.8 of the 2021 Fiscal Plan (the “Emergency Reserve”); (5) the unobligated portion of the Public Assistance Federal Fund Matching appropriation included in the FY2021 certified budget; (6) unused appropriations for use in audit services held at the Department of the Treasury; (7) FY2021 unused General Funds intended for Medicaid related expenditures; (8) unused Title III funds; (9) reported unused funds from Department of Health’s Mental Disability program; (10) reported unused funds from Department of Correction and Rehabilitation’s (“DCR”) Juvenile program, as certified jointly by Hacienda and DCR; (11) unused appropriations for State unemployment insurance, disability insurance, and chauffeur’s insurance, which are held under the custody of the Department of Labor and Human Resources; (12) unused appropriations for milestones and incentives held under the custody of OMB as approved by the Oversight Board; (13) unused appropriations for municipal voluntary cost sharing milestone; (14) unused appropriations for the school and road maintenance under the custody of OMB; (15) FY2021 unused General Funds intended for Catastrophic Illness Fund related expenditures; and (16) unused appropriations for the Broadband infrastructure expansion and 21st Century Technical and Business Education Fund; and (17) unused appropriations for the rural area health professionals scholarship and loan forgiveness endowment; a working group between the Department of Treasury, Office of the Chief Financial Officer, AAFAF, and the Oversight Board must be established to develop metrics, compliance requirements, and financial monitoring around the eligibility and disbursement of the scholarship and loan forgiveness endowment funds. In addition, this restriction on the use of appropriations of prior fiscal years shall not apply to: (i) programs financed in whole or in part with federal funds; (ii) orders by the United States district court with jurisdiction over all matters under Title III of PROMESA; or (iii) matters pertaining to any consent decree or injunction, or an administrative order or settlement entered into with a federal agency, with respect to federal programs.

Section 7.- On or before July 31, 2021, the Secretary of the Treasury, Executive Director of the Fiscal Agency and Financial Advisory Authority (“AAFAF”, by its Spanish acronym), and the Director of the OMB shall provide to the Oversight Board, with a copy to the Legislative Assembly, a certification indicating the amounts of unused FY2021 appropriations for all items enumerated in the previous section. If the Government fails to submit said certification, the amount of unused funds in items 1, 2, 10, and 15 will not carry over to the following fiscal year.

Section 8.- This resolution eliminates the UPR Scholarship Fund under the Custody of Hacienda and transfers the UPR Scholarship Fund unused appropriations from prior years to a new UPR Endowment Fund. A new working group between the UPR, Department of Treasury, Office of the CFO, AAFAF, and the FOMB must be established to develop metrics, compliance

requirements, and financial monitoring. Also, this working group will safeguard that the funds are allocated to students with financial needs only, monitor the asset allocation of the funds, and investments alternatives. Compliance shall be developed and overseen by AAFAF, pursuant to its ministerial duties levied in Act No. 2- 2017.

Section 9.- The FY2022 total budget allocated for the Department of Health's Mental Disability program will be \$52,700,000.00. This total budget is comprised of the following amounts: the current budget appropriation for FY2022 of \$45,486,719.00, plus \$2,858,405.00 in unused "roll-over" funds from FY2020, plus an estimate of approximately \$3,900,000.00 in unused "roll-over" funds from the current FY2021.

Section 10.- Each power of OMB, AAFAF, or the Department of the Treasury, including the authorities granted under Act 230-1974, as amended, known as the "Puerto Rico Government Accounting Act" (Act 230), to authorize the reprogramming or extension of appropriations of prior fiscal years is hereby suspended.

Section 11.- The appropriations approved in this budget may only be reprogrammed with the prior approval of the Oversight Board. Any request for modification or reprogramming shall be submitted to the Oversight Board. For the avoidance of doubt, this prohibition includes any reprogramming of any amount, line item or expenditure provided in this budget, regardless of whether it is an intra-agency reprogramming. Reprogramming, also known as reapportionments, may be made into spend concepts and/or objects not explicitly listed in this Joint Resolution, as long as such requests are submitted to and approved by the Oversight Board. Reprogrammed funds authorized for the hire of personnel in specialized roles are restricted for that specific use only and may not be made available nor be used for any other budgetary needs.

Section 12.- The Governor must submit to the Oversight Board and the Legislative Assembly all reporting requirements set forth on Exhibit 147 of the 2021 Fiscal Plan according to the reporting cadence described therein. In addition, if the Oversight Board approves a reprogramming pursuant to the sections above, the Governor must illustrate the specific implementation of such reprogramming, including the amount, the source of the reprogrammed amount identified by government entity and expenditure concept, the Government entity that received such amount, and the expenditure concept to which it was applied in a report submitted to the Oversight Board immediately after conducting the reprogramming. The Governor shall submit a copy of any report submitted under this Section to the Legislature for its knowledge.

In addition, the Governor shall submit to the Oversight Board a comprehensive reporting package in a similar format to that required in accordance with Section 203 of PROMESA for the following specified programs within different agencies: (1) Department of Education's ("PRDE") Special Education Program; (2) PRDE's Remedio Provisional Program (3) Department of Health's (DOH) Adult Hospital Program; (4) DOH's Pediatric Hospital Program; (5) DOH's Hospital Universitario Dr. Ramón Ruiz Arnau ("HURRA") Bayamón Hospital Program; (6) DOH's 330 Centers Payments; (7) DOH's Intellectual Disability Program; (8) Mental Health and Anti-Addiction Services Administration's ("ASSMCA", by its Spanish acronym) Río Piedras Hospital Program; and (9) DCR's Juvenile Program. Program reporting must include and clearly detail

budget to actuals on a concept level basis, any reprogramming of funds within the program, and any reprogramming of funds to/from other programs or agencies.

In addition, the Governor shall submit to the Oversight Board a monthly reporting package detailing capital expenditure spending by agency and by project including details for expenditures which have RFPs issued, which contracts have been awarded, and which are in process.

Furthermore, the Governor shall submit to the Oversight Board a monthly reporting package detailing all of PRDE's salary and other payroll expenses within four categories: (1) Central Administrative Personnel; (2) Regional Administrative Personnel; (3) Regional School Support Personnel; and (4) School Personnel as established in this FY2022 certified budget joint resolution. In order to assess compliance and guarantee accountability, PRDE must submit such monthly reporting detailing salary and payroll expenses by the categories established herein along with a salaries and payroll reconciliation of funds disbursed and actual expenses recorded. The reports required pursuant to this section are in addition to the reports that the Governor must submit to the Oversight Board in accordance with Section 203 of PROMESA. The Governor shall present a courtesy copy to the Speaker of the House of Representatives and the President of the Puerto Rico Senate of any reports that he must present to the Oversight Board, whether required by this Resolution or by Section 203 of PROMESA, P.L. 114-187.

Section 13.- In conjunction with the reports that the Governor must submit to the Oversight Board no later than 15 days after the last day of each quarter of FY2022, pursuant to Section 203 of PROMESA, and pursuant to this Joint Resolution, the Secretary of the Treasury, the Executive Director of AAFAF, and the Director of the OMB shall each certify to the Oversight Board with a copy to the Legislative Assembly: (1) that no appropriation of any previous fiscal year (except for the appropriations covered by the exceptions in the sections above) have been used to cover any expense; and (2) the Director of the OMB shall certify to the Oversight Board that no amount of (i) the Emergency Reserve and (ii) the unallocated capital expenditures under the custody of OMB has been obligated unless authorized in accordance with the section below.

Section 14.- The Emergency Reserve, the unallocated capital expenditures, healthcare investments reserve, technology reserve, milestones reserve, and the economic incentive fund under the custody accounts of OMB and the Department of the Treasury, respectively, as detailed in the certified budget for FY2020, FY2021, and FY2022 may not be used to cover any allocation or expense whatsoever without the prior, written approval of the Oversight Board. If FEMA funding is not available for capital expenditures, a transfer from unallocated capital expenditures may be requested. The economic incentive funds held under the custody of the Department of the Treasury will be released on a quarterly basis after a formal reapportionment is submitted by the Department of Economic Development and Commerce ("DDEC", by its Spanish acronym), reviewed and approved by OMB, and submitted to the Oversight Board for review, and the Oversight Board provides its authorization to release such funding. Exceptions to the economic incentive fund release may apply upon meeting all of the specified criteria, if any, listed in Section 17 of this resolution.

The utility reserve funds held under the custody of OMB may only be released after the Government provides a detailed report to the Oversight Board of employees transferred to

individual agencies from the Puerto Rico Electric Power Authority (“PREPA”) along with an attendance report for each transferred individual. Agencies that may receive these funds are required to provide a full roster with all active employees to the Oversight Board. Such roster must identify any employee transferred from PREPA to the respective agency.

Section 15.- The Emergency Reserve is intended to expedite response activities and, upon request, provide the Commonwealth Agencies and affected local governments with capital in the event of an emergency of such severity and magnitude that effective response exceeds the capacity of current budget resources and federal disaster assistance is not available or not yet available to respond to the emergency. Moreover, the Emergency Reserve is only intended for extraordinary events like natural disasters or as otherwise agreed with the Oversight Board and that are generally outside of human control and unpreventable. The Emergency Fund is not intended to mitigate emergencies related to operational inefficiencies.

Accessing Emergency Reserve funds shall require: (1) the written approval of the Oversight Board; (2) a State of Emergency declaration, by the Governor of Puerto Rico, in accordance with Article 6.10 of Act 20-2017, as amended, known as the Puerto Rico Public Safety Department Act and in accordance with the above description of what constitutes an extraordinary event; (3) OMB request to the Oversight Board for access to the emergency reserve fund for a finite period, indicating the agency or local government that will receive the advance, the amount of the advance, usage of funds requested, and the PR Emergency Disaster Management (“PREMA”) request number from WEBEOC platform as well as the projected re-payment date of the funds; (4) amounts approved by the Oversight Board and disbursed to the Government shall be replenished not later than the following fiscal year; and (5) agencies and municipalities, recipients of state emergency reserve funds, shall update OMB on a quarterly basis about the Public Assistance process with FEMA.

OMB shall request Emergency Reserve funds for the use of Government agencies and affected local governments. The agencies and affected local governments must be in an emergency declared area and the Emergency Reserve funds must be used for response activities related to the declared event. Non-profits, public corporations outside of the commonwealth, and individuals are not eligible applicants for advances through the Emergency Reserve fund.

OMB shall submit quarterly reports to the Oversight Board detailing the status of Emergency Reserve funds, amounts provided to agencies and affected local governments, amount of funds expended, amount of funds remaining, and updated projected re-payment dates. Agencies and local governments that received funds from the Emergency Reserve are required to file with FEMA a Request for Public Assistance (RPA) and Project Worksheet to ensure maximum federal fund reimbursements are replenished into the Emergency Reserve. As a rule, OMB shall offset late repayment by agencies and local governments with other Commonwealth funding to repay the Emergency Reserve on time.

Section 16.- Cost share matching funds are restricted for use on approved projects/requirements under FEMA’s Individual Assistance, Public Assistance, and Hazard Mitigation programs. Any unused cost share matching funds in a given fiscal year may be rolled

over to the following fiscal year and are subject to the same restrictions. The use of these funds must be coordinated with CDBG-DR and CDBG-MIT in meeting cost share requirements.

Section 17.- Additional General Funds may be made available to agencies upon reaching certain, specified milestones and after written approval and authorization from the Oversight Board. Once the respective milestones are achieved, agencies must provide a formal notice and submit supporting data corroborating such achievement for the Oversight Board's review. The subsections below detail the allowable milestones and incentives for each relevant agency.

A. The Department of Education's Milestones and Incentives

1. Milestone: Update scorecards for all schools to include school profile information, teacher attendance rates, student attendance rates, META-PR test results, graduation rates, and other data sets, while using scorecards as a tool for family engagement (e.g., surveys). The scorecards must reflect the most recent information available and school director performance for this incentive must be measured based on the Oversight Board approved scoring methodology.
 - a. Incentive: \$1,500 one-time bonus for school directors that perform well on scorecards based on data captured and Oversight Board approved scoring methodology to measure outcomes by September 30, 2021.
 - b. Total Available Funds: \$1,385,000

B. Puerto Rico Integrated Transit Authority's Milestones and Incentives

1. Milestone: Perform initial assessment of Legal, Federal Transit Administration (FTA) and Transportation Asset Management Plan (TAMP) considerations.
 - a. Incentive: Provide an additional \$1,000,000 in professional services once the assessment has been delivered and reviewed by the Oversight Board by August 31, 2021.
 - b. Total Available Funds: \$1,000,000
2. Milestone: PRITA is required to specify, procure, and implement required IT infrastructure system to integrate information and allow PRITA to coordinate across rail, land, and maritime modalities.
 - a. Incentive: Provide additional \$1,000,000 in professional services if the systems required to operate the agency's transit assets are fully implemented by December 31, 2021.
 - b. Total Available Funds: \$1,000,000
3. Milestone: Correct all deficiencies highlighted in the FTA grantee rejection letter dated September 23, 2015 to address financial, legal, and technical capacity issues and submit a new Grantee Status request to FTA.
 - a. Incentive: Provide additional \$400,000 in professional services if the agency corrects all issues outlined in the September 2015 FTA rejection letter and submits a new application for Grantee Status by March 31, 2022.
 - b. Total Available Funds: \$400,000

C. The Department of Health's Milestones and Incentives

1. Milestone: Complete the capacity analysis contracted in FY2021 and assign a team of 5-8 FTEs to implement the recommendations found in the analysis. In addition to the review and recommendations of duplicate positions and roles highlighted in FY2021, the recommendations should include opportunities to redesign internal policies and procedures to eliminate non-value-added tasks, incorporate best practices to replace manual processes with automation and innovative solutions, train employees who have been reassigned to different positions, and educate employees on newly implemented automated processes.
 - a. Incentive: Provide an additional \$1,000,000 in professional services once the capacity analysis has been delivered and reviewed by the Oversight Board and once DOH has assigned a team of 5-8 FTEs to work exclusively on the implementation of the recommendations of the analysis by August 31, 2021.
 - b. Total Available Funds: \$1,000,000
 2. Milestone: The assigned team of 5-8 FTEs must implement all recommendations from the completed capacity analysis.
 - a. Incentive: \$4,000 one-time bonus for each of the eight DOH employees responsible for the implementation of the capacity analysis recommendations if completed by March 31, 2022.
 - b. Total Available Funds: \$32,000
 3. Milestone: Integrate the Time and Attendance system into the existing Payroll system to improve monthly reporting and transparency to the Oversight Board.
 - a. Incentive: Provide an additional \$1,000,000 in professional services if the Time and Attendance system is fully integrated into the existing Payroll system by March 31, 2022.
 - b. Total Available Funds: \$1,000,000
- D. The Department of Treasury's Milestones and Incentives
1. Milestone: Publish and issue the 2018 Comprehensive Annual Financial Report ("Annual Report").
 - a. Incentive: Provide an additional \$500,000 in professional services if the 2018 Annual Report is published by July 31, 2021.
 - b. Total Available Funds: \$500,000
 2. Milestone: Publish and issue the 2019 and 2020 Annual Reports.
 - a. Incentive: Provide an additional \$1,000,000 in professional services if the 2019 and 2020 Annual Reports are published by December 31, 2021.
 - b. Total Available Funds: \$1,000,000
- E. The Department of Corrections' Milestones and Incentives
1. Milestone: Integrate the Time and Attendance system into the existing Payroll system to improve monthly reporting and transparency to the Oversight Board.
 - a. Incentive: Provide an additional \$1,000,000 in purchased services for facility repairs if the Time and Attendance system is fully integrated into the existing Payroll system by March 31, 2022.

b. Total Available Funds: \$1,000,000

F. The Family Socioeconomic Development Administration's Milestones and Incentives

1. Milestone: Develop a comprehensive workplan to implement a 2-year work volunteer requirement. The comprehensive workplan needs to be consistent with the guidelines provided in the 2021 Certified Fiscal Plan.

a. Incentive: Provide an additional \$500,000 in professional services once the workplan has been delivered and reviewed by the Oversight Board by August 15, 2021. The funding will be used to implement the workplan.

b. Total Available Funds: \$500,000

G. Municipalities' Milestones and Incentives

1. Milestones: Optimize the public administration of the municipalities. This reapportionment will allow the municipalities that depend the most on the municipal revenues matching fund to achieve the liquidity and administrative efficiencies necessary to access Federal Recovery Funds. Part of the administrative efficiencies covered include, but are not limited to, the digitization of purchasing systems, finance, human resource management, time and attendance system, among other related expenses. Funding would be available to municipal governments that meet the required transparency standards and achieve improvements in municipal administration. To obtain access to funds for the consolidation of municipal services surpluses from FY2021 and available for FY2022, the municipalities must comply with the milestones and time periods established by the Oversight Board, submitting to said entity the specific initiatives for which they request funds.

Section 18.- Funds to cover parametric insurance will also be made available upon reaching the following milestones and after the approval and authorization from the Oversight Board.

A. Develop a comprehensive insurance plan to develop a program that considers the available markets, costs, meeting Obtain and Maintain ("O&M") requirements and levels of coverage.

1. Conduct a risk analysis including hazards/perils covered
2. Analyze expected O&M requirements on a building by building basis
3. Identify the types and extent of insurance needed to protect against risk and meet O&M requirements
4. Identify insurance gaps between O&M requirements and insurance that is reasonably available
5. Identify the authority for developing, implementing, and enforcing the plan
6. Design, the financial arrangement structure for funding the plan and pay for losses, which includes a system for fixed contributions, a formalized plan to pay losses as they occur, and how funds will be distributed

B. Prioritize insurance and strategically consider options to supplement the existing insurance coverage:

1. Identify how the Commonwealth will meet Flood Insurance requirements
2. Consider broader / expanded limits on existing policies

3. Consider a separate excess insurance policy that provides coverage above the current limits
4. Consider a Parametric policy and CAT Bond or a hybrid combination of the two to provide supplemental or excess coverage

C. Engage the Insurance Commissioner

1. Establish the criteria for the Insurance Commissioner's certification of the insurance coverage that is reasonably available

Section 19.- As a rule, necessary for the responsible disbursement of budgetary allocations for operating and other expenses, OMB shall withhold from any of the allocations to the agencies of the Executive Branch the amounts necessary to pay for the PayGo contribution, unemployment insurance, or taxes withheld from their employees, when OMB determines that such a withholding is necessary to ensure compliance with these obligations by the agencies concerned. Any such amounts withheld by OMB shall solely be reprogrammed to pay the corresponding outstanding obligations related to PayGo contributions, unemployment insurance, or taxes withheld from employees.

Section 20.- OMB and the Department of the Treasury are authorized to establish the necessary mechanisms to ensure that when implementing the concept of mobility, pursuant to the provisions of Act 8-2017, as amended, known as the "Puerto Rico Human Resources Management and Transformation in the Government Act," the corresponding transfer of funds allocated to payroll and related costs of said employee are to be carried out simultaneously.

Section 21.- The Secretary of the Treasury, the Director of the OMB, and the Finance Director and Executive Director of each agency or public corporation covered by the 2021 Fiscal Plan will be responsible for not spending or encumbering during FY2022 any amount that exceeds the appropriations authorized for FY2022. This prohibition applies to every appropriation set forth in a budget certified by the Oversight Board, including appropriations for payroll and related costs. The Executive Director of AAFAF and the Director of the OMB shall also certify to the Oversight Board by September 30, 2021, with a copy to the Legislative Assembly, that no amount was spent or encumbered that exceeded the appropriations in the certified budget for FY2021.

Section 22.- For the avoidance of doubt, any reference within the budget to AAFAF, the Department of the Treasury, or OMB, or any of their respective officers, applies to any successor thereof.

Section 23.- On or before July 31, 2021, the Governor shall provide to the Oversight Board, with a copy to the Legislative Assembly budget projections of General Fund revenues and expenditures for each quarter of FY2022, which must be consistent with the corresponding budget certified by the Oversight Board (the "Quarterly Budget"). The Quarterly Budget shall be provided to the Oversight Board, with a copy to the Legislative Assembly in Excel format and include detailed allocations by agency, public corporation, fund type and concept of spend. Together with the report that the Governor must provide to the Oversight Board under Section 203 of PROMESA not later than 15 days after the last day of each quarter, the Governor shall provide a quarterly variance analysis that is consistent with modified accrual accounting.

Section 24.- If during the fiscal year the Government fails to comply with the liquidity and budgetary savings measures required by the 2021 Fiscal Plan, the Oversight Board may take any corrective action that it deems necessary, and may exercise any of the powers recognized by Sections 203 and 204 of PROMESA, P.L. 114-187.

Section 25.- In order to ensure agencies remain compliant with the 2021 Fiscal Plan, the Oversight Board has enacted a policy that includes review of contracts of \$10 million or more. The objective of these reviews is, among other things, to determine the extent to which the contracts are in compliance with the applicable fiscal plan(s). The Oversight Board encourages the use of additional object level professional service fee categories in order to support more transparency of how professional fees are spent. The Oversight Board is authorized to require the review of contracts less than \$10 million to ensure compliance with the applicable fiscal plans. In addition, professional consulting contracts should include provisions requiring adequate transfer of skills and technical knowledge, from consultants to pertinent public sector personnel to the extent that the contract reflects recurring work that could be done by appropriately trained government staff.

Section 26.- This Joint Resolution shall be adopted in English and Spanish. If in the interpretation or application of this Joint Resolution any conflict arises as between the English and Spanish texts, the English text shall govern.

Section 27.- If any clause, paragraph, subparagraph, sentence, word, letter, article, provision, section, subsection, title, chapter, subchapter, heading, or part of this Joint Resolution is annulled or declared unconstitutional, the resolution, decision, or judgment entered to that effect will not affect, harm, or invalidate the remainder of this Joint Resolution. The effect of such judgment will be limited to the clause, paragraph, subparagraph, sentence, word, letter, article, provision, section, subsection, title, chapter, subchapter, heading, or part thereof that has been annulled or declared unconstitutional. If the application to a person or circumstance of any clause, paragraph, subparagraph, sentence, word, article, provision, section, subsection, title, chapter, subchapter, heading, or part of this Joint Resolution is invalidated or declared unconstitutional, the decision, opinion, or judgment entered to that effect will not affect or invalidate the application of the remainder of this Joint Resolution to those persons or circumstances in which it can validly apply. It is the express and unequivocal will of this Legislature that the courts enforce the provisions and the application of this Joint Resolution to the greatest extent possible, even if any of its parts is set aside, annulled, invalidated, prejudiced, or declared unconstitutional, or even if its application to any person or circumstance is annulled, invalidated, or declared unconstitutional. This Legislature would have approved this Joint Resolution regardless of the finding of severability that the Court may make.

Section 28.- This Joint Resolution will be known as “Joint Resolution of the General Fund Budget for Fiscal Year 2021-2022.”

Section 29.- This Joint Resolution shall take effect on July 1, 2021.

THE GOVERNMENT OF PUERTO RICO

June 30, 2021

Special Revenue Funds and Federal Funds Budget

The amount of \$3,515,762,000 from Special Revenue Funds and the amount of \$7,783,877,000 from Federal Funds are budgeted for the expenditures of the Government of Puerto Rico set forth in Section 1 and Section 17 herein for the fiscal year ending June 30, 2022.

The following is a summary of the expenditures authorized in this budget organized according to the agency consolidations and fund type as set forth in the fiscal plan certified by the Financial Oversight and Management Board for Puerto Rico ("Oversight Board") on April 23, 2021 (the "2021 Fiscal Plan"):

Section 2.- Any expenditure funded through SRFs cannot exceed the lower of: (1) the amount authorized in this budget for the corresponding government entity and concept of expenditure or (2) the corresponding special revenue amount collected in FY2022 and available in the SRF.

Section 3.- No later than 45 days after the closing of each quarter of FY2022, the Secretary of the Treasury shall revise the projected net revenues of the SRF for FY2022 (the “Quarterly Revision”) and shall notify the revision to the Director of the Office of Management and Budget (“OMB”), the Governor, and the Oversight Board. The Quarterly Revision shall project future revenues based on actual SRF revenues and include revisions to the assumptions used to generate the SRF’s net revenue projections.

Section 4.- All authorized SRF budget amounts for government entities, including those with funds outside of the TSA, for any prior fiscal year, are eliminated and no carry over of such funds may be used, subject to Oversight Board adjustment at any time, with the exception of: (1) expenditures authorized in the fiscal year 2021 certified budget to carry out permanent improvements that have been encumbered, accounted for, and kept on the books but not exceeding two fiscal years on the books; (2) expenditures in the certified budget for equipment with procurement cycles that extend beyond the end of the fiscal year, which are encumbered on or before June 30, 2022; (3) the portion of expenditures authorized for fiscal year 2021 that have been encumbered on or before June 30 of such fiscal year, which shall be kept in the books for 60 days after the termination of that fiscal year and after those 60 days no amount shall be drawn against such portion for any reason; (4) the Federal unemployment funds collected and managed by the Commonwealth included in the fiscal year 2021 certified budget, which are held under the custody of the Department of Labor and Human Resources; (5) fiscal year 2021 unused Special Revenue Funds intended for Medicaid related expenditures; (6) reported unused funds from Department of Health’s Mental Disability program until the end of the following fiscal year; (7) reported unused funds from Department of Correction and Rehabilitation’s (“DCR”) Juvenile program; (8) unused Special Revenue Funds collected during prior fiscal years for Ports Authority, Puerto Rico Convention Center District Authority and Puerto Rico Tourism Company, but limited to the amount of the FY2022 Special Revenue Funds appropriation; (9) unused expenditure amounts for milestones and incentives held under the custody of OMB as approved by the Oversight Board; (10) fiscal year 2021 unused Special Revenue Funds intended for Catastrophic Illness Fund related expenditures; and (11) unused funds intended for the use of the Tire Removal Management Program under the Department of Natural and Environmental Resources (“DNER”). In addition, this restriction on the use of unused authorized prior fiscal year amounts shall not apply to: (i) programs financed in whole or in part with federal funds; (ii) orders by the United States district court with jurisdiction over all matters under Title III of PROMESA; (iii) reported unused funds from Department of Education’s Pell Grants program until the end of the following fiscal year; or (iv) matters pertaining to any consent decree or injunction, or an administrative order or settlement entered into with a federal agency, with respect to federal programs.

Section 5.- On or before July 31, 2021, the Secretary of the Treasury, Executive Director of the Fiscal Agency and Financial Advisory Authority (“AAFAF”, by its Spanish acronym), and the Director of the OMB shall provide to the Oversight Board a certification indicating the amounts of unused fiscal year 2020 authorized SRF budget amounts for all items enumerated in the previous

section. If the Government fails to submit said certification, the amount of unused funds in items 1, 2, 7, and 13 will not carry over to the following fiscal year.

Section 6.- Each power of OMB, AAFAF, or the Department of the Treasury, including the authorities granted under Act 230-1974, as amended, known as the “Puerto Rico Government Accounting Act” (“Act 230”), to authorize the reprogramming or extension of authorized SRF budget amounts and/or cash balances of prior fiscal years is hereby suspended. Authorized SRF amounts in this FY2022 certified budget may only be reprogrammed with the prior written approval of the Oversight Board. For the avoidance of doubt, this prohibition includes any reprogramming of any amount, line item or expenditure provided in this budget, regardless of whether it is an intra-agency reprogramming. Reprogramming also known as reapportionments may be made into spend concepts and/or objects not explicitly listed in the FY2022 certified budget resolution as long as such requests are submitted to and approved by the Oversight Board.

Section 7.- The Governor shall submit to the Oversight Board all reporting requirements set forth on Exhibit 147 of the 2021 Fiscal Plan according to the reporting cadence described therein. In addition, if the Oversight Board approves a reprogramming pursuant to Section 6, the immediately subsequent report by the Governor must illustrate the specific implementation of such reprogramming, including the amount, the source of the reprogrammed amount identified by government entity and expenditure concept, the Government entity that received such amount, and the expenditure concept to which it was applied.

In addition, the Governor shall submit to the Oversight Board a comprehensive reporting package in a similar format to that required in accordance with Section 203 of PROMESA for the following specified programs within different agencies: (1) Department of Education’s (“PRDE”) Special Education Program; (2) Department of Health’s (“DOH”) Adult Hospital Program; (3) DOH’s Pediatric Hospital Program; (4) DOH’s Hospital Universitario Dr. Ramón Ruiz Arnau (“HURRA”) Bayamón Hospital Program; (5) DOH’s 330 Centers Payments; (6) Mental Health and Anti-Addiction Services Administration’s (“ASSMCA,” by its Spanish acronym) Río Piedras Hospital Program; and (7) DCR’s Juvenile Program. Program reporting must include and clearly detail budget to actuals on a concept level basis, any reprogramming of funds within the program, and any reprogramming of funds to/from other programs or agencies.

In addition, in order to ensure maximum and proper use of federal funds, such as, but not limited to, (1) DRF, (2) CARES, (3) FFCRA, (4) CRRSAA, (5) and ARP, the Governor shall submit a work plan related to the disbursement of funds. Improved reporting will help prevent and combat actual, and claims of, misuse, fraud, waste, and abuse. Therefore, the Governor shall also submit weekly reports that detail any disbursements and use of federal funds received. Weekly reporting shall include a list of all awards broken down by agency, program, category, recipient, and sub-recipient detailing: (1) date award was granted; (2) date award expires/renews; (3) total award amount (split into payroll/non-personnel); (4) total award encumbrances and disbursements from prior fiscal years (split into payroll/non-personnel); (5) total award encumbrances and disbursements for the current fiscal year (split into payroll/non-personnel); and (6) total remaining award amount (split into payroll/non-personnel). The Governor shall also provide, as requested, performance metrics with regards, but not limited to, time required to submit claims, time required to submit compliance reporting, and time required to collect reimbursement claims.

In addition, the Governor shall submit to the Oversight Board a monthly reporting package detailing capital expenditure spending by agency and by project including details for expenditures which have RFPs issued, which contracts have been awarded, and which are in process.

The reports required pursuant to this section are in addition to the reports that the Governor must submit to the Oversight Board in accordance with Section 203 of PROMESA.

Section 8.- In conjunction with the reports that the Governor must submit to the Oversight Board no later than 15 days after the last day of each quarter of FY2022, pursuant to Section 203 of PROMESA, the Secretary of the Treasury, Executive Director of AAFAF, and the Director of the OMB shall each certify to the Oversight Board: (1) that no authorized SRF budget amount of any previous fiscal year (except for those covered by the exceptions in the sections above) have been used to cover any expenditure unless authorized by the Oversight Board.

Section 9.- Additional Special Revenue Funds may be made available to agencies upon reaching certain, specified milestones and after written approval and authorization from the Oversight Board. Once the respective milestones are achieved, agencies must provide a formal notice and submit supporting data corroborating such achievement for the Oversight Board's review. For FY2022, see the below subsection which lists the allowable milestones and incentives.

A. The Department of Economic Development and Commerce ("DDEC") Milestones and Incentives

1. Milestone: Publicly publish quarterly reports in the agency's website detailing all economic incentive donation/subsidy amounts given to private corporations. The reported detail should include:

1. Name of Corporation
2. Brief description of the exempt activities conducted in Puerto Rico
3. Amount of cash incentives granted, if applicable
4. Brief description of the purpose of the use of the cash incentive, if applicable
5. Location of the business (municipality) where principal economic impact will be made
6. Number of cash incentives previously granted and aggregate amount of funding received for the last 3 years
7. Annual ROI on each previous cash incentive grant and expected ROI in the current year.

a. Incentive: Reapportionments are currently required to release funds collected in Treasury for economic incentives as well as public reporting (website publishing). This will continue to be a requirement for the transfer of funds. However, if all criteria are met beginning September 30, 2021 on a quarterly basis, the Oversight Board will provide the lesser of 7% of the total amount of incentives or \$2,333,000 on a quarterly basis for DDEC's operating and management.

b. Total Available Funds: \$7,000,000

2. Milestone: Complete an operational needs assessment analysis to identify capacity issues and duplicity as well as specific initiatives to increase efficiency.

- a. Incentive: Provide an additional \$500,000 in professional services once the assessment has been delivered and reviewed by the Oversight Board by September 30, 2021. The funding will be used to implement initiatives identified in the assessment.
 - b. Total Available Funds: \$500,000
3. Milestone: Complete the consolidation of back-offices of both the Puerto Rico Tourism Company and the Puerto Rico Planning Board into DDEC.
- a. Incentive: Provide an additional \$500,000 in professional services if the back-office consolidation is completed by March 31, 2022.
 - b. Total Available Funds: \$500,000

Section 10.- OMB and the Department of the Treasury are authorized to establish the necessary mechanisms to ensure that when implementing the concept of mobility, pursuant to the provisions of Act 8-2017, as amended, known as the “Puerto Rico Human Resources Management and Transformation in the Government Act,” the corresponding transfer of funds allocated to payroll and related costs of said employee are to be carried out simultaneously.

Section 11.- The Secretary of the Treasury, the Director of the OMB, and the Finance Director and Executive Director of each agency or public corporation covered by the 2021 Fiscal Plan shall be responsible for not spending or encumbering during FY2022 any amount that exceeds the authorized SRF budget amounts for FY2022. This prohibition applies to every SRF budget amount authorized herein as certified by the Oversight Board, including amounts for payroll and related costs. The economic incentive funds held under the custody of the Department of Treasury will be released on a quarterly basis after a formal reapportionment request is submitted by DDEC to OMB, reviewed and approved by OMB, and submitted to the Oversight Board for review and authorization to release such funding. Exceptions to the economic incentive fund release may apply upon meeting all of the specified criteria listed in Section 9. The Executive Director of AAFAF and the Director of the OMB shall also certify to the Oversight Board by September 30, 2021 that no amount was spent or encumbered that exceeded the authorized SRF amount in the certified budget for FY2021.

Section 12.- For the avoidance of doubt, any reference within the budget to AAFAF, the Department of the Treasury, or OMB, or any of their respective officers, shall apply to any successor thereof.

Section 13.- On or before July 31, 2021, the Governor shall provide to the Oversight Board budget projections of SRF revenues and expenditures for each quarter of FY2022, which must be consistent with the corresponding budget certified by the Oversight Board (the “Quarterly Budget”). The Quarterly Budget shall be provided to the Oversight Board in Excel format and include detailed allocations by agency, public corporation, fund type and concept of spend. Together with the report that the Governor must provide under Section 203 of PROMESA not later than 15 days after the last day of each quarter, the Governor shall provide a quarterly variance analysis that is consistent with modified accrual accounting.

Section 14.- The Special Revenue Funds and Federal Funds budget shall be adopted in English and Spanish. If in the interpretation or application of the budget a conflict arises between the English and Spanish texts, the English text shall govern.

Section 15.- If any clause, paragraph, subparagraph, sentence, word, letter, article, provision, section, subsection, title, chapter, subchapter, heading, or part of this resolution is annulled or declared unconstitutional, the resolution, decision, or judgment entered to that effect will not affect, harm, or invalidate the remainder of this resolution. The effect of such judgment will be limited to the clause, paragraph, subparagraph, sentence, word, letter, article, provision, section, subsection, title, chapter, subchapter, heading, or part thereof that has been annulled or declared unconstitutional. If the application to a person or circumstance of any clause, paragraph, subparagraph, sentence, word, article, provision, section, subsection, title, chapter, subchapter, heading, or part of this resolution is invalidated or declared unconstitutional, the decision, opinion, or judgment entered to that effect will not affect or invalidate the application of the remainder of this resolution to those persons or circumstances in which it can validly apply. It is the express and unequivocal will of this Legislature that the courts enforce the provisions and the application of this resolution to the greatest extent possible, even if any of its parts is set aside, annulled, invalidated, prejudiced, or declared unconstitutional, or even if its application to any person or circumstance is annulled, invalidated, or declared unconstitutional. This Legislature would have approved this resolution regardless of the finding of severability that the Court may make.
